It was decided that the convention will be held in Putnam on Friday, May 14 the second Friday in May. Other details, such as programme and speakers, wil be arranged later.

The interdenominational missionary conference which is to be held in this city on March 26, 27 and 28, will be the greatest gathering of men of world wide repute in church work that Norwich every had the opportunity to hear. The committee in charge has done everything in its power to get the best talent, and, as the programme shows, they have been wonderfully successful. It is a difficult task to secure the best speakers, as they often have every Sunday or week's end engaged, as was the case with one prominent clergyman who it was hoped to secure, he having every Sunday engaged until summer, even as far back as last December. The programme, with the speakers and subjects, is as follows:
